**RESPONSE TO NOTICE OF OMITTED ITEM(S)
IN A NONPROVISIONAL APPLICATION**

In response to the Notice Of Omitted Item(s) in a Nonprovisional Application dated July 16, 2004 (a copy of which is enclosed), we elect Option 1 as further detailed below. Applicant believes that the application documents as filed with the United States Patent and Trademark Office included a complete copy of the specification, including pages 8 and 9. In support of this belief, we submit the following:

1. Postcard Receipt. Enclosed is a copy (front and back sides) of the postcard receipt that was submitted with the application documents as filed, indicating that ten (10) pages of the specification were submitted. This postcard receipt was stamped and returned by the Patent and Trademark Office with no exceptions noted, thereby acknowledging that the USPTO received all ten pages of the application.

2. Applicant's file copy. Enclosed is copy of applicant's file copy of the specification as filed. Applicant's file copy is a photocopy made directly from the original application documents. After photocopying, the original application documents, including the specification, were placed in an envelope and mailed to the United States Patent and Trademark Office by the Express Mail Procedure on June 24, 2003. It will be noted that Applicant's file copy is complete, and includes pages 8 and 9. Therefore, it is evident that the original specification also included pages 8 and 9.

Applicant cannot explain the reason why pages 8 and 9 are missing, but suggests that perhaps, in view of the recent conversion to the image file wrapper process, that these pages may have been misplaced or skipped in the scanning process. In any event, Applicant requests that

the USPTO rule that the application was filed complete, and that Applicant be given the actual filing date of June 24, 2003.

A check in the amount of \$130.00 in payment of the petition fee as set forth in 37 CFR §1.17(h) is enclosed herewith. Because no omission existed, however, Applicant also respectfully requests refund of the petition fee. Any additional fee may be charged or any overpayment credited to our Deposit Account No. 16-0605.

Respectfully submitted,

Raymond O. Linker, Jr.

NOTICE OF OMITTED ITEM(S) IN A NONPROVISIONAL APPLICATION

FILED UNDER 37 CFR 1.53(b)

A filing date has been accorded to the above-identified nonprovisional application papers; however, the following item(s) appear to have been omitted from the application:

- Page(s) 8-9 of the specification (description and claims).

I. Should applicant contend that the above-noted omitted item(s) was in fact deposited in the U.S. Patent and Trademark Office (USPTO) with the nonprovisional application papers, a copy of this Notice and a petition (and \$130.00 petition fee (37 CFR 1.17(h))) with evidence of such deposit **must** be filed within **TWO MONTHS** of the date of this Notice. The petition fee will be refunded if it is determined that the item(s) was received by the USPTO.

II. Should applicant desire to supply the omitted item(s) and accept the date that such omitted item(s) was filed in the USPTO as the filing date of the above-identified application, a copy of this Notice, the omitted item(s) (with a supplemental oath or declaration in compliance with 37 CFR 1.63 and 1.64 referring to such items), and a petition under 37 CFR 1.182 (with the \$130.00 petition fee (37 CFR 1.17(h))) requesting the later filing date **must** be filed within **TWO MONTHS** of the date of this Notice.

Applicant is advised that generally the filing fee required for an application is the filing fee in effect on the filing date accorded the application and that payment of the requisite basic filing fee on a date later than the filing date of the application requires payment of a surcharge (37 CFR 1.16(e)). To avoid processing delays and payment of a surcharge, applicant should submit any balance due for the requisite filing fee based on the later filing date being requested when submitting the omitted items(s) and the petition (and petition fee) requesting the later filing date.

III. The failure to file a petition (and petition fee) under the above options (I) or (II) within **TWO MONTHS** of the date of this Notice (37 CFR 1.181(f)) will be treated as a constructive acceptance by the applicant of the application as deposited in the USPTO. **THIS TWO MONTH PERIOD IS NOT EXTENDABLE UNDER 37 CFR 1.136(a) or (b).** In the absence of a timely filed petition in reply to this Notice, the application will maintain a filing date as of the date of deposit of the application papers in the USPTO, and original application papers (i.e., the original disclosure of the invention) will include only those application papers present in the USPTO on the date of deposit.

In the event that applicant elects not to take action pursuant to options (I) or (II) above (thereby constructively electing option (III)), amendment of the specification to renumber the pages consecutively and cancel incomplete sentences caused by any omitted page(s), and/or amendment of the specification to cancel all references to any

omitted drawing(s), relabel the drawing figures to be numbered consecutively (if necessary), and correct the references in the specification to the drawing figures to correspond with any relabeled drawing figures, is required. A copy of the drawing figures showing the proposed changes in red ink should accompany with any drawing changes. Such amendment and/or correction to the drawing figures, if necessary, should be by way of preliminary amendment submitted prior to the first Office action to avoid delays in the prosecution of the application.
